Unlocking Potential Through Comprehensive Evaluation

At Forman School's Quinn Assessment Center, we help children, teens, and adults uncover how they learn, think, and thrive. Through comprehensive evaluations, our expert clinicians offer valuable insights and practical recommendations to support success in school, work, and life.

Areas of Expertise

Our experienced clinicians specialize in:

- Language-based learning differences (dyslexia, dysgraphia, dyscalculia)
- Attention deficit hyperactivity disorder (ADHD)
- Executive function challenges (planning, organization, working memory)
- Autism Spectrum Disorder (ASD) and other neurodevelopmental disorders
- Anxiety and emotional regulation

What to Expect

- *Flexible Scheduling:* Weekday and weekend sessions available.
- *Assessment Days:* Most evaluations are completed in 1-2 days with scheduled breaks.
 - Younger children may benefit from shorter sessions spread over time.
- *Accessible Options:* Conducted at the Quinn Assessment Center, in schools, or in homes as needed.
- *Quick Turnaround:* Feedback sessions within a week, with a comprehensive written report soon after.
- *Collaborative Process:* We value input from families, educators, and providers to ensure results are both accurate and actionable.

Why Assessments Matter

An evaluation can provide the clarity and direction needed to:

- Access school-based supports (IEPs, 504 Plans)
- Obtain accommodations for standardized testing or college transitions
- Guide therapeutic, medical, or educational services
- Foster self-understanding and confidence in learners of all ages
